

Job Title Lifting Equipment Inspector
Reports to Inspections Manager

Job Specification

Over the past decade, Rigging Team has enjoyed steady growth to become recognised as one of the industry's most respected providers of rigging equipment and support services. Working across the full spectrum of entertainment production, including TV, film, theatre and live events, Rigging Team are highly experienced in the reliable, safe provision of equipment, support and technical expertise to productions of all sizes; often creating bespoke solutions for projects which others may consider impossible.

The self-motivated, enthusiastic and skilled **Lifting Equipment Inspector** will work predominantly at our clients premises undertaking maintenance and periodic thorough examinations of lifting equipment, personal fall protection equipment and other equipment as may be required. Work at our Stevenage offices will be required depending on the needs of the business.

Reporting to the Inspections Manager, you will be responsible for ensuring that all maintenance, inspections and thorough examinations are carried out in accordance with current legislation as well as the strict rules and high standards expected by both Rigging Team and our clients.

To succeed in this role, you must be a LEEA qualified Lifting Equipment Inspector with proven experience of inspecting Lifting Equipment. You should be well organised, able to manage complex requirements to tight timescales and to prioritise and organise your own workload. Prior experience working within the entertainment industry is beneficial although not essential. Excellent knowledge and understanding of LOLER and PUWER as well as a commitment to continuing your learning. A high level of attention to detail, self-motivation and focus as well as a commitment to providing a high quality service are required to ensure that every client has an excellent experience when working with Rigging Team.

This is a full-time permanent position. Normal working hours are 40 hours per week, usually Monday to Friday. Due to the nature of our industry a flexible approach to working hours and evening and/or weekend work may be required. The role includes a combination of practical site work to carry out inspections, followed by associated administrative duties to ensure full completion and presentation of the results to clients, predominantly entertainment venues and equipment rental companies throughout the UK. A full UK driving licence is essential.

The Company prides itself on being a fun and friendly team in an exciting and challenging industry. We believe in growing the skills of all of our staff and offer opportunities to develop new and existing skills.

To apply for this position please send your CV making sure to add **Installations Project Manager** in the subject line to careers@riggingteam.com with a covering letter telling us a little about yourself and what makes you special.
